Bureau of Land Management

Firearms Closure

Knik River Access

The Knik River access and adjacent gravel pit lake (MP 30 Glenn Highway) are **closed to target shooting and discharge of fireworks** beginning May 1, 2002.

This closure is necessary to address public safety concerns regarding reckless discharge of firearms and to prevent further vandalism and unauthorized dumping associated with target shooting and fireworks.

This area will remain open to lawful hunting by licensed hunters during seasons administered by the Alaska Department of Fish & Game.

Questions: Contact the BLM at 267-1246 or 267-1205.
